*“If a political party does not have its foundation in the determination to advance a cause that is right and that is moral, then it is not a political party; it is merely a conspiracy to seize power.” – President Dwight D. Eisenhower from a 1956 speech)*

### **Defy Like De Niro.**

From the mean streets to the halls of power, Robert De Niro has always stood up to bullies. His new role? Defying Trump and he’s daring the rest of us to do the same.

No. I’m sorry to say we won’t be interviewing Robert De Niro, but we have the next best person, his friend Miles Taylor. Miles Taylor is a former White House official who was Chief of Staff to the Department of Homeland Security in the first Trump administration. You may know him by the pen name “Anonymous.” He created a nationwide controversy when he wanted to assure the American people that there were those inside the administration who were trying to hold on to the democratic guardrails against a lawless president.

When Trump returned in 2024, he claimed Miles’ action treasonous.

Miles is fighting back, not just legally, but creating a nationwide organization called [Definace.org](https://www.defiance.org). This organization has real teeth and is funding **100%** of its income to nonprofits fighting against the Trump regime.
