**Democracy is dying. And we handed the killer the weapon.**

The countdown has begun. As fascism spreads globally and climate catastrophe accelerates, Thom Hartmann exposes the terrifying endgame: a second Trump presidency that doesn’t just end American democracy – it triggers humanity’s extinction. "[The Last American President](#)", through meticulous research and unflinching analysis, reveals how political cowardice and corporate greed created the perfect storm, threatening our species survival and our country.

Donald Trump didn’t break America – he’s the inevitable product of a system designed to create him. This explosive investigation reveals the chilling truth: from his brutal childhood to Roy Cohen’s mentorship and shamelessness, from a corrupted Republican Party to billionaire puppet masters, Trump was manufactured by the very institutions meant to protect us.

**This is our final warning.**
