“The Hidden History of Big Brother: How the Death of Privacy and the Rise of Surveillance Threaten Us and Our Democracy”

KSQD 90.7FM “Be Bold America!” Sunday,

March 13, 2022 at 5:00pm (PT)

Most Americans are worried about how companies, like Facebook, invade their privacy and harvest their data, but that many people don't fully understand the details of how their information is being adapted and misused.

Progressive radio host and author, Thom Hartmann will tell us how Big Brother invents “whiteness” to keep power, how the surveillance industry is booming, how democracy requires trust and how authoritarianism requires fear, along with many other privacy topics. He uses extensive, vivid examples to highlight the consequences of Big Data on all aspects of our lives.
