– Laura Dawn, Filmmaker, founding cultural director, MoveOn.org

From *NY Times* Bestselling Author Frank Schaeffer, Comes a Post-Pandemic  
Blueprint for Rebalancing Work and Family.

When the COVID-19 pandemic shut down our world, the forced sheltering in place with our families opened many people’s eyes to how we were meant to live. The only real “how to” for a happy life is simple and exists in our DNA: a meaningful, loving connection to others. We evolved to feel happiest when caring for others, not when seeking power over them.

As we move forward to a post-pandemic world, there is no better time than right now to rebalance our work and family lives in favor of love and living. In his new book, bestselling author Frank Schaeffer implores us to follow this directive: *Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy.*
