**FOR IMMEDIATE RELEASE**

***“Policing, Vigilantes, and White Supremacy”***

**KSQD 90.7FM “Be Bold America!” Sunday,**

**December 5, 2021 at 5:00pm (PT)**

Every day we are drifting farther to the political right as a minority of the country uses brute force to undermine the basic tenets of our democracy.

This perspective is to win at all costs, as though we live in a zero-sum universe, rather than finding a balance on common ground when polar opposite perspectives exist.

It is a win at all costs mentality. *Polarities of Democracy* theory takes opposing perspectives in which one side wins and the other loses, and *reframes them to create win-win for both perspectives.*

The both-perspectives discussion is void in many states today with open carry laws. If we are unable to settle our differences through discourse, we are very likely heading to a second civil war. There are many planning it now.

**Interview Guest (picture attached):**

**Dr. William Benet** of Walden University will discuss the work of the *Institute for Polarities of Democracy* and the *National Organization of Black Law Enforcement (NOBLE) Executives*. We'll discuss their initiatives to reimagine better policing, the emergence of vigilantism, white supremacy and how they are impacting policing in the United States.
