Since the 1950s, US presidents of both parties have used **economic hitman strategies (fear, doubt, anxiety-over-insufficiency, and divide-and-conquer tactics)** to amass resources, control other nations, and enrich a growing oligarchy.

John Perkins author of, *The Art of the Steal: Trump and the Economic Hitman Presidency*, **will reveal this practice's most dangerous evolution. Donald Trump is the first US president to turn economic hitman strategies into a personal brand and governing style**. He brought the playbook home and reversed

America's march toward liberty, equality, justice, and democracy, forcing what was hidden into the open.

Both warning and blueprint, John Perkins book, *The Art of the Steal,* shows **how it happened, why it matters and what each of us can do to renew the American ideal and shape a new global one.** So, please join host Jill Cody for "*The Art of the Steal: Trump and the Economic Hitman Presidency*" on Be Bold America, Friday, November 6th at 5:00pm.
